

Connected Person – Panel Recommendation

Once a Full Connected Persons Assessment has been completed, the case will need to go to Panel to ratify that the arrangement is in the best interests of the child and to approve the Foster Carer.

The fostering social worker will need to 'Start' the Panel Recommendation stage as an outcome from the 'Decisions' tab of the Full Connected Persons Assessment and 'Confirm'.

The screenshot displays the Liquidlogic LCS Train interface. The top navigation bar includes 'Home', 'Tiles', 'Help', 'Menu', 'System', 'Find', and a user profile for 'Jas Havers'. The main header shows 'Person: Paul Davidson 67 years 14-Mar-1953 (Ref: 700157)'. The left sidebar contains a 'Full Map' and a 'Local Map' with a flowchart of the assessment process. The main content area is titled 'Connected Person(s) - Full Connected Person(s) Assessment'. It shows the 'Decisions' tab selected, with a 'Start' button highlighted. The 'Outcomes' section lists 'Progress to Panel' and 'Close Connected Person(s) Process', both with 'Start' buttons. The 'Date of Initiation or Completion' is 15-Sep-2020, and the 'Reason for Decision' is '(reset)'. The flowchart on the left shows the process from 'Initial Viability Assessment' through 'Information Gathering' to 'Full Connected Person(s) Assessment', then to 'Panel Recommendation', 'ADM Decision', and finally 'Connected Person(s) Approved' or 'Not Approved'.

The Foster Panel Recommendation task is now assigned to Fostering Panel.

An alert would have previously been sent to you during the Information Gathering stage to schedule a Panel meeting, so you can now update the system with those details.

To update the details of the Panel meeting you can click the 'Update Meeting Details and Scheduling' link or the pencil icon in the 'Meeting Details' section.

If it hadn't been approved, the ADM would still need to ratify the decision or recommend another panel meeting to re-assess the previous decision.

If the panel needed more information in order to make a recommendation, another panel meeting would be needed and triggered from the Fostering Panel Outcomes form.

The next step is for the ADM to decide whether they ratify panel's recommendation to approve the foster carer for the child.

Key points to take away:

- The Panel Recommendation stage is started as an outcome from the Full Connected Person(s) Assessment by the fostering social worker.
- The chair of the meeting will either be the Fostering ADM or the Fostering Panel Advisor.
- An alert is sent to Panel Admin to schedule the Panel during the Information Gathering stage.
